

W.A.S.P., Never Say Die

Never Say Die

(Disciples to Jesse) Never say die
Never say die, no , no
Never say die no more

Never say die
Never say die, no , no
Never say die my boy

(Judah to Jesse) Where will we go from here
My Neon One
Or will we wander from now on
Is there a promised land we hear
Of ever Neon sun
Take us all down to you Heaven
My pagan son

Lead us a thousand years
Red rising sun
Stoned wilderness
And give us love
You blew a breath into our ears
With your dying dove
Are we all hellbound forever
My heathen son

(Disciples to Jesse) Never say die
Never say die, no , no
Never say die no more

(Judah to Jesse) Never say die
Never say die, no , no
Never say die my boy
But where do we go from here
We really wanna know
It is down, down, down, down
Or is it our Neon God
