

Waikiki, More

Entertain me
A dozen pictures won't help
Please entice me
A dozen roses won't do

I'll let you know
More about me
When you've told me all, all about you

I've imagined, a different person you, could be
Self description, an easy addiction you've, been

We know you want much more
More about me now
Wishing I'd somehow
Change for you
Change for you and more
Knowing I adore
But you still want more
More about me now
Wishing I'd somehow
Change for you
Change for you and more
Knowing I adore
But you still want more
