

Wale, W.A.L.E.D.A.N.C.E.

Yeah,
When I'm gone, the whole city missed me
I'm on my UK shit
Get me
The eye of the Bengal shuffling my 8 gig
Y'all boomer, You need you an MD
Like eastside sin
Dominating of the eastside shall commence
And I shall commence that I'm the truth yo
Yo, they try to block me like Moonyos
I know my car is worth, like phone card
I get brain everyday, I'm a know it all
More birds then know it all cool wit y'all
Keep talking my know it knows none of y'all
Hit the green like running backs with no yards
No hoe, I'm playing with the floor
Overly Ingracious
They call me say word
Wiki say word
Just so happens mine they prefer
Yours is the fur
We ahead of the curve
And they all looking like, like the girls on virgin
Cut beats, I'm a fucking word surgeon
Scalpel and sponge
This work
Dance

Chorus:

Under the spotlights
Neither black nor white
It doesn't matter
Do the dance (do the dance)

As strong as you might
Working day and night
What ever happens
Do the dance (do the dance)

2nd Verse:

On my way back home
Now I'm in the zone
My simcards a bomb
They blowing up my phone
Kicks Hong Kong
Bape undergarment
The face of hip-hop
My DC audience
And you niggas will acknowledge this
Born again social life thanks climate
My climate is way higher then Lindsay Lohan nostrils on powder
Sorry Mark, I don't want offend your sister's good friend
But when my pen get in
It pretends in itself it's an entity
And it interferences and gets the best of me
So I'm one with that
I'm stuck with that
Y'all little ass niggas can't fuck with that
Nigga, this how it'd sound if a truck could rap
Little light in the ass
But I must rap
And I must admit

I bring creatine to the scene
Your developmental league don't see a team
I got a stitch little nigga
You can see my seam
Spit selvage my nigga, it's in my jeans
Kick you my denim raw
Kicks made you look, Nas
Riding in the black joint listening to Gnarls Barkley's
On, DS y'all, DS flow like nothing y'all heard
Broke ass niggas all see before
Low cash niggas, broke ass niggas
I don't fuck with you all hoe ass niggas
I be Remy sippin ammo as sippin
On my 35-double-O ass niggas
Rittenhouse niggas, K-D-Y niggas, Trinidad niggas
I got y'all niggas
DC pimpin, uptown roamin
Moco 124 when I go out
PG, Ardmore where my niggas ball at
Say what you want Largo with my homie
Do this shit for all em
Smoking on a Marley
Rawer than a marlin
Fresh above the water
Say I'm not hot
Then your proolly on water
They proolly on water, they proolly on water
Proolly on water, they all on water
Acquire more bras then Zachary Morris
Yall lost crease to me
You released the beast and I play your little niggas like least to shit
Y'all niggas don't worry me a least a bit
And a finger in the middle what I leave em with
I can't hear little niggas and he be's a bitch
What the least thing he has that don't know English
Fuck it, im done
Let me breathe hard like it was hard
Huh Huh
Huh Huh
Huh Huh
Huh Huh
Gone

Chorus:

Under the spotlights
Neither black nor white
It doesn't matter
Do the dance (do the dance)

As strong as you might
Working day and night
Whatever happens
Do the dance (do the dance)
