

Walker Brothers, Love Her

Love her
and tell her each day
that girl needs to know
tell her so, tell her everything I couldn't say
Like she's warm, and she's sweet and she's fine, Oh love her like I should have done.

And hold her, and show her you care. When her world is blue see her through any time that she needs
Please love her, love her for me.

Hold her, and show her you care, when her world is blue see her through any time that she needs y

Yeah, c'mon love her, love her for me.
