

# War, Low Rider (Remix)

All my friends know the low rider,  
The low rider is a little higher.

The low rider drives a little slower,  
Low rider is a real go-getter.

Hey!

Low rider knows every street, yeah.  
Low rider is the one you meet, yeah.

Low rider don't use no gas now.  
The low rider don't drive too fast.

Take a little trip, take a little trip,  
Take a little trip and see.  
Take a little trip, take a little trip,  
Take a little trip with me.
