

# Warner Mack, Surely

Surely I'm still on your mind just a little bit  
Surely there's a mem'ry that you can't forget  
How could a love so strong suddenly just fade and die  
There must be a reason why darling surely

I couldn't find the way to make you love me though I tried every thing I knew how  
And I just can't walk away with a mem'ry when I love you more than ever right now  
Surely I'm still...  
There must be a reason why darling surely
