

# Warning, Faces

I want to be master of my own  
Emotions with a fire that fills me  
But I don't understand myself and I don't know  
I don't know what my heart is anymore

I don't want to be standing in this war  
Through pity and responsibility  
So come into my life with your violence and pain  
'Cause I feel the dance of a love I've never known

Take ahold of my life  
Make it into one that I want it to be  
Make a whole of my life  
Make my faces one that I want you to see

I can't stand to see confusion in your eyes  
When I drift away sometimes  
Could I ever be more faithless in my life  
For all the hope I've found in these days

It's always frightened me  
How some things lose their meaning  
How some things change direction with the breeze  
Don't ask me where I am  
I am trying to come home  
But I can't keep myself from drifting

Take ahold of my life  
Make it into one that I want it to be  
Make a whole of my life  
Make my faces one that I want you to see

Sometimes it makes me feel  
Feelings which I never hoped to find  
Sometimes it makes me feel  
Like I'm living out of time

Sometimes it makes me feel  
Feelings which I never hoped to find  
Sometimes it makes me feel  
Like I'm living out of time
