

# Warrant, Condemned forever

The vampires life is hard and tough  
he never gets a chance to live  
he's a lonely man, without heart for you  
he's coming back to you  
a killer on the loose  
he's reaching out for blood  
the enemy of god

chorus

so little girl watch out tonight  
he'll come before it's dawn  
he's a sinner without a heart  
so ride straight to your home  
condemned forever  
he never thinks the same as you  
he's a victim of evil  
he's on the hunt for girls like you  
creeping around at night  
condemned forever  
hostility is his only friend  
the prince of the night  
he's gonna destroy your mind  
a sinner to you  
i'm asking: "is it true"  
always dressed in black  
somewhere on the attack  
chorus  
condemned forever...
