

Warren Barfield, Live With Us

Lord of all
You left Heaven
Stepped into our broken world
Holy child, our salvation
All of God in a Mother's arms

Jesus, Jesus, all our hope is
Resting in Your gift of love
Precious Savior, friend forever
You have come to live with us

God and man
You walked among us
Breaking bread and mending lives
Calling all
To come and follow
Ending darkness with Your light

Jesus, Jesus, all our hope is
Resting in Your gift of love
Precious Savior, friend forever
You have come to live with us

Son of man
God forsaken
Now suspended on that tree
Glorious gift
Our sins were taken
By the blood that makes us free

Jesus, Jesus, all our hope is
Resting in Your gift of love
Precious Savior, friend forever
You have come to live with us
