

Warren Brothers, Loneliest Girl In The World

Those rodeo clowns
They seem so funny
But in a way they're kinda sad too
But those rodeo clowns
Don't make much money
She smiles and says yeah
kinda like you

CHORUS:

I'm lost in the sand
but all she sees is a pearl
She says she loves me
but sometimes I make her feel
like the loneliest girl in the world

Sometimes I'm right here
and sometimes I'm not
Sometimes my heart turns to rust
Sometimes I like me
sometimes I don't
She smiles and says yeah that
makes two of us

CHORUS

Some things in life
You can't understand
and I don't know why
but when I hold her hand
she says she loves me
'cause sometimes I make her feel
My baby loves me
'cause sometimes I make her feel
like the luckiest girl in the world
