

# Warren G, So Many Ways (Remix)

(feat. Lady Levi)

Hey, nah ya goin miss up on the G-Funk era,  
ya know we said things won for Warren G, and soon turned superstar

11-10-7 D that was my intro  
but now I'm makin doe, I'm rollin a 64  
cuz things get shady where the grass is greener  
brotha throwin up sets in hoods like they neva seen a  
young mack daddy do his thing cuz I pack right  
I got 44 ways to make you act right  
and its a shame how the game must be played  
it was told never fold by the brothas you can't fade  
so raise up off this young hog  
cuz I heard you punkin some but you can't punk me y'all  
I got my own thang cuz I let my beat swang  
if you wanna bring it, bring it on no pain no gain  
so as I creep can you peep what I speak  
techniques unique, so what you sayin is obsolete  
so there it is as I go about my days  
I can only bring it to you like this in so many ways

[Chorus]

I'm bein true, ain't no fakin wit me  
brothas plottin on me, tryin to test if I can see  
but I'm peepin out the scene for the peeps who give me props  
for stayin out that madness, you know it ain't goin stop  
in so many ways I let em know, in so many ways I let it flow  
but you still dont hear me doe  
so I'm a break it down cuz its quite elementary  
this is for the homeys in the penitentiary  
AB, Baby Poppa, Big Arch from the block  
and the homey Jay Dogg, stay down cuz you's a hog  
I got plenty love, and homey love stays  
I can only bring it to you like this, in so many ways

[Chorus]

I stay true to the game  
but some stay blind to the fact  
that if I don't look good, you dont look good  
so please rearrange and change the thangs you doin  
you playin yourself cuz you the ones gettin screwed  
as I, ease on down the rick road  
as I shift from first to second, cruise control  
so swack up the doja  
cuz I got the drink, and dont think  
we dont roll without a full tank  
of that bomb, that we call the funk  
cuz I am the G and the funk is what you want  
now, lets take a trip to the other side of town  
brothas flip flop and they neva stay down  
wanna be all they can be, but gettin held back  
tryin to take what is mine, (what) what type of lick is that?  
so, this is for the homies stay down for your pay  
I can't only bring it to you like this in so many ways

[Chorus]
