Warren Zevon, Jungle Work

(Jorge Calderon and Warren Zevon)

Lear jet S.W.A.T team
On a midnight run
With the M16
And the Ingram gun
We parachute in
We parachute out
"Death from above"
We're screaming now

Where the pay is good And the risk is high It's understood We'll do or die Sten gun in hand Where the gun is law From Ovamboland To Nicaragua

Strength and muscle and jungle work

Three young men
In a Russian truck
With a little MAC-10
Sent 'em running to the huts
These few young men
The few who dare
To battle in hell
Le Mercenaire!

Strength and muscle and jungle work
