

# Was Not Was, Dressed To Be Killed

His garbage can beret  
Was tilted at an angle  
What looked like a smile  
Turned out to be a mango  
He's got raw meat  
Dangling from his glasses  
Tonight is the night  
He's going to kick their asses  
He's broke, he's ugly, and unskilled  
And he's dressed to be killed  
(Gratuitous rap)  
He's broke, he's ugly, and unskilled  
And he's dressed to be killed  
His luck is gonna change  
He found a one-leaf clover  
His fortune cookie said  
"What's the point, your life is over"  
He must be nuts  
There's a bullseye on his back  
He's standing at ground zero  
Of a nuclear attack  
He's broke, he's ugly, and unskilled  
And he's dressed to be killed
