

WASP, Heaven's Hung In Black

I cant take anymore
I have no more wings
I cant take anymore
The gates of heaven sealed

Dont you hear me
Dont you hear me
Dont you fear me
Of never coming back
Do you know what its like
When heavens hung in black

I cant take anymore
Our walls are black and bleed
I cant take anymore
No rooms here for your screams

Dont you hear me
Dont you hear me
Dont you fear me
Of never coming back
Oh, no more tears please
Hanging heaven black

No dont you leave me to die
Dont you leave me to die
Dont you leave me to die
No dont you leave me to die

And youll know what its like
The wailing wall of sighs
Hanging heaven black
And youll know what its like
When paradise is blind
When heavens hung in black

Time How can you say
That Ive no time
Am I blind now you say that
Heavens blind, yeah
Across the bridge of sighs, blind, time, time

Oh lord, dont you leave me to die
No, dont you leave me to die
Dont you leave me to die
No lord, dont you leave me to die

And youll know what its like
The wailing wall of sighs
Hanging heaven black
And youll know what its like
When paradise is blind
Painting heaven black
Across the bridge of sighs
Your losing heavens light
Heavens hung in black
