WASP, Heaven's Hung In Black

I cant take anymore
I have no more wings
I cant take anymore
The gates of heaven sealed

Dont you hear me Dont you hear me Dont you fear me Of never coming back Do you know what its like When heavens hung in black

I cant take anymore Our walls are black and bleed I cant take anymore No rooms here for your screams

Dont you hear me Dont you hear me Dont you fear me Of never coming back Oh, no more tears please Hanging heaven black

No dont you leave me to die Dont you leave me to die Dont you leave me to die No dont you leave me to die

And youll know what its like
The wailing wall of sighs
Hanging heaven black
And youll know what its like
When paradise is blind
When heavens hung in black

Time How can you say
That Ive no time
Am I blind now you say that
Heavens blind, yeah
Across the bridge of sighs, blind, time, time

Oh lord, dont you leave me to die No, dont you leave me to die Dont you leave me to die No lord, dont you leave me to die

And youll know what its like The wailing wall of sighs Hanging heaven black And youll know what its like When paradise is blind Painting heaven black Across the bridge of sighs Your losing heavens light Heavens hung in black
