

# Water Sweet, In A Rainbow

im in a rainbow  
and im feeling mighty good

color vibrations passing me by  
some going through me  
not telling me why  
some slow and some fast  
and some teaching me how to fly

im in a rainbow  
and im feeling mighty good

noises to see and colors that sound  
voices from nowhere and yet so profound  
naming of colors and places that just cant be found

im in a rainbow  
and I'm feeling mighty good

constantly moving  
but not knowing where  
gazing at hypnotic things here and there  
and always thinking ahead  
cuz the past couldnt care

im in a rainbow  
and im feeling mighty good
