

Watermark, Take Me There

Chorus (2x)

Take me there to the place
Where you are
Take me there, take me there
I just wanna be where you are
Hide me in your shelter
Hide me here, hide me here
I'd just love to be where you are

verse

You have buried my sin
In the depths, my Lord
And you've covered me
From the furious storm
And you kept me in
The cleft of your rock
And You've loved me there
Right from the start

Chorus/verse/chorus

You are here and I can feel you
I just love to be where you are
Where you are
So Hide us in your shelter
Hide us here
We just love to be where you are
We love you Lord

(chorus 2x)
