

Waylon Jennings, Heartache Olders

Chorus:

I've had a life time of memories like you
I couldn't get over even if i wanted you
It's really not somethin' i don't wanna do
But i've got heartaches older than you

I've seen that kind of look in other eyes before
This time may be different i'm not sure
Do you really understand what your young heart desires
If you're just playin' around, you're playin' with fire

Chorus.
