

# Waylon Jennings, My Ramona

(Merle Haggard)

Everybody's talking bad about Ramona  
They say she's changed a lot since I've been gone  
They say she may not be too glad to see me  
Cause Ramona doesn't know I'm coming home.

But everybody's wrong about Ramona  
They're just going by the way she's actin' now  
I just can't believe the things they say about her  
'Cause Ramona knows the things I wanna allow.

Ramona's gonna be the way she used to be  
And I'll be proud of her just like I was before  
She never was the kind to like those crowded bars  
And Ramona won't be seen there anymore.

They say I may not recognize Ramona  
And going by the picture they describe  
The life they say she's living sure don't fit her  
But I know she's still the same sweet girl inside.

Ramona's gonna be the way she used to be  
And I'll be proud of her just like I was before  
She never was the kind to like those crowded bars  
And Ramona won't be seen there anymore...
