

# Waylon Jennings, Weakness In A Man

(Jerry Chesnut)

Honey, how you've changed  
It makes me wonder have I ever really known you  
How could you abuse and use  
The kindness and tenderness that I have shown you.

If I had known then, I have shown  
The strenght on which my love could make a stand  
But you've mistaken tenderness and kindness  
For the weakness in your man.

I can give you almost anything  
If I know what you're looking for  
I can give you everything  
Any other man can give and more.

He may promise you the world  
But I can give you everything he can  
So don't mistake my tenderness  
For any sign of weakness in your man.

--- Instrumental ---

I may live my life alone  
With walls of stone inside some lonely cell  
But no man's gonna take the love I own  
And never live to tell the tale.

So don't forsake the vows you made  
And don't remove my little golden band  
And don't mistake my tenderness  
For any sign of weakness in your man.

Don't mistake my tenderness  
For any sign of weakness in your man...
