

# Waylon Jennings & Willie Nelson, Write Your Own

You callin' us heathens with zero respect for the law  
But we're only songwriters just writing our songs and that's all  
We write what we live and we live what we write is that wrong  
If you think it is Mr Music Executive why don't you write your own songs.

And don't listen to mine they might run you crazy  
They might make you dwell on your feelings a moment too long  
We're making you rich and you're already lazy  
So just lay on your ass and get richer or write your own songs.

Mr Purified Country don't you know what the whole things about  
Is your head up your ass so far that you can't pull it out  
The world's gettin' smaller and everyone in it belongs  
And if you can't see that Mr. Purified Country  
Why don't you write your own songs.

And don't listen to mine they might run you crazy  
They might make you dwell on your feelings a moment too long  
We're making you rich and you're already lazy  
So just lay on your ass and get richer or write your own songs.

So just lay on your ass and get richer or write your own songs...
