

# Waylon Jennings, World Of Our Own

We'll build the world of our own that no one else can share  
All our sorrows will leave far behind the stairs  
And I know you will find there'll be peace of mind  
And we'll live in a world of our own

Close the door light the lights we'll stay at home tonight  
Far away from the bustle and the bright city lights  
Let the world fade away just leave us alone  
And we'll live in a world of our own  
We'll build the world of our own...

Oh my love oh my love I've cried for you so much  
Lonely nights without sleeping while I long for your touch  
Now your lips can erase the heartache we've known  
Come with me to the world of our own  
We'll build the world of our own...  
And I know you will find there'll be peace of mind  
And we'll live in a world of our own
