

# Wayne Marshall, Give Me Strength

Just give me help  
and give me strength  
'cause I need nothin' else  
'cause Lord you gave me life  
and for this I sacrifice!  
Material things won't mean a thing, no!  
It's about what's deep within  
so Lord, give me air to breathe  
and ???

Them livin' them life from material gain  
but nothing is wrong with living plain  
'cause mine ??? change  
and frozen chains is all the same game we play  
don't worry 'bout all your stress and strain  
everything good always come with pain  
so don't watch the ones that vain  
the fact remains one blood run true ???

I got my help  
and I need nothin' else  
'cause Lord you gave me life  
and for this I sacrifice!  
Material things won't mean a thing, no!  
It's about what's deep within!  
So Lord, give me air to breathe  
and ???

Your life and your soul  
are far more precious than diamond and gold!  
What's in your heart, is worth much more  
than what's in your billfold!  
So play your role,  
'cause you never will know what the future will hold  
as long as there's life  
then jah know, there's always hope

Remember Jah Jah when you makin' it  
to the blue skies  
even if clouds are grey in it  
??? in it  
We give thanks for life,  
we never ashamed whenever we sayin' it, no!  
Where there's a will there is a way in it now,  
so don't forget to pray in it now  
is the only one to keep me firm and strong,  
yeah, yeah!

I got my help,  
I got my strength  
and, I need nothing else,  
'cause Lord, I said you gave me life,  
and for this I sacrifice  
material won't mean a thing, yeah  
it's about what's deep within  
so Lord give me air to breath  
and ???
