

We Are Scientists, Ram It Home

Saturday night at the big city speedway
Bikes and knife fights and the girls here are easy
Although you might not get it
I think you'll see when I ram it home
Ram it home
All my friends ask if my girlfriend is pretty
I said "I don't really know I only look at her titties"
Although you might not get it
I think you'll see when I ram it home
Ram it home
I know you won't forget it
Get on your knees while I ram it home
Ram it home
Ram it home
Ram it home
