

We Are Scientists, This Scene Is Dead (Pete Pre

This scene is dead, but I'm still restless
An' our show until last call, I guess
I shouldn't even be here, much less
Drinking myself into excess

I'm not going home till I'm done
[X7 with overlap]

Well come on, we can't go on
Well come on, we can't go on
Well come on, you can't go home
The night is young
I'm blacking out
But it's been
Fun

Well everything's another excuse
To keep from doing what I want too
Like I would really love to kiss you
But I guess I'm in no condition

I'm not going home with no-one
[X3 with overlap]

(Woah)

Well come on, we can't go on
Well come on, you can't go on
Well come on, you can't go home
The night is young
I'm blacking out
But it's been
Fun
[X2 with overlap]

Well come on, we can't go on
Well come on, you can't go on
Well come on, you can't go home
The night is young
I'm blacking out [Repeated]
But it's been
Fun

(I'm blacking out)

I said that's it I'm not going home with no-one
Not going home with no-one
Not going home with no-one

This scene is dead, this scene is dead
But I'm still restless
[Repeated]

Well come on, we can't go on
[X3]

Well come on, we can't go on
Well come on, we can't go on
Well come on, you can't go home
The night is young
I'm blacking out
But it's been fun
[X2]

You can't go home
The night is young
I'm blacking out
But it's been fun
[X2 second time without "fun"]
