

We Are Shining, Hot Love

But you're gonna leave me behind
I won't let them
And they go out my mind
I mean act now
I won't let them
I mean
I won't
I need laughter

You know it all happens
It all happens
You know I need it
Warning hot love
Need it need it
Hot love
Bring me bring me
A hot love
Want it I want it
Hot love
Want it I want it

Cause you don't need me no more
Cause you don't want me no more
Now you're gonna walk out
Now you're gonna walk out
Cause you don't want me no more

Hot love
Hot love
Hot love
Hot love

Cause you don't want me no more
Cause you don't need me no more
Want it
A hot love
Need it need it
A hot love
Bring me bring me a hot love
Want it want it a hot love
Want it want it a hot love
Need it need it a hot love
Bring me bring me a hot love
Want it want it a hot love
Want it

Now you're gonna walk out
