

We Are The Ocean, Ready For The Fall

I've been down this road before,
I'll hold my hands up, i'm ready for the fall
Sometimes i wish it wasn't always the same,
But its always the same, for me
Beautiful, she's had her way, now i'm ready for the fall
If i could take it back, it would be so simple
Now she's moving on and i can't take it
So tell me where did it go wrong,
I've heard it all before, i've heard it all before
