

We Draw A, Tears from the Sun

When it comes to close
And you can feel your call
The space, inform you
Become hard to get through
Get rid of the time
Felling all alone
And it's hard time you flow
It's hard time, you know
/2x

Tears from the Sun
You've get what you want
You never try raise your
You never try raise your head
Tears from the Sun
You've get what you want
And never lies gonna wake your
Lies tear you apart
They try to let go
Try to let it go
