

# We're About 9, Revival

Revival  
I heard somebody say  
Is the photograph once taken  
On the film you found today  
The politics are simple  
It's a dime for every shot you wasted  
A dollar a contradiction  
I don't know, at least it seems  
We spend so many moments  
Planning for the others  
And claiming its all part of our  
Survival  
But if all we have is courage  
Well that's just Mr. Rogers  
Reading excerpts from the Bible  
And planning a revival  
Revival, yeah,  
I heard her say  
Is a message in a bottle that  
Has been  
Floating far away  
And if you  
Catch it in time  
You might discover  
All your  
Plans have  
Saided away in a bottle  
That is  
More likely to find the  
Promised land  
Than you are  
We spend so many moments  
Planning for the others  
And claiming its all part of our  
Survival  
But if all we have is courage  
Well that's just Mr. Rogers  
Reading excerpts from the Bible  
And planning a revival
