

# Webb Pierce, If I Could Come Back

If I could come back when I&#039;ll leave this world I&#039;d still want to come back to y  
Though you&#039;ve never cared half as much as I  
I pray that someday things would change  
From here to eternity would seem just like a day  
If I had your promise I know I&#039;d find the way  
If I could come back when I&#039;ll leave this world I&#039;d still want to come back to y  
[ steel ]  
From here to eternity...
