

Webb Pierce, Is My Ring On Your Finger

When you're out with him where the lights are dim
Is my ring on your finger sweetheart
And when you're untrue with your somebody new
Is my ring on your finger sweetheart
Do you feel just right when he holds you tight
And you know that you still belong to me
Do you get a thrill from kisses you steal
Is my ring on your finger sweetheart
[steel - fiddle]
Do you feel just right...
