Webb Pierce, Love, Love, Love

Sometimes I cry when you don't call
I'm beginnin' to think you don't love me at all
But you are still my baby I want the whole world to know
I just love love love love love you love you so
Friends are tryin' to tell me that I'm just a fool your love don't mean a thing
But I keep hoping someday if you'll see same things my way
You'll make the weddin' bells ring
Then I'll have you to keep me gay we'll be alone both night and day
So tell everybody I want the whole world to know
I just love love love love love you love you so
(fiddle)
Life's just too short to fuss and fight
If you'll trust in me well I'll treat you right
So tell everybody I want the whole world to know
I just love love love love love you love you so
Friends are tryin' to tell me...
I just love love love love love you love you so
