

# Wedding Present, Go Go Dancer

Here comes my go-go dancer  
I called out but she wouldn't answer, oh, I don't know  
She's changed ever since she met her  
New friend but I won't forget her, can't let her go

I don't believe that's all she needs now  
She used to have big dreams but somehow  
They seem to mean less everyday  
She wants to throw it all away

I love to watch you when you dance  
Could you still feel that way?  
Should we start a new romance?

I watched them walking home together  
Even on their own she never talks much at all  
I don't know what she sees in you, boy  
I think your just another new toy, walk then you crawl

I love to watch you when you dance  
Could you still feel that way?  
Should we start a new romance?
