

# Weddings Parties Anything, Away, Away

A picture's worth a thousand words  
But it can barely scratch the surface  
Of all I have seen and heard  
And while all around is worthless  
I see you in sepia, I see you in black and white  
Even in my wildest dreams  
Even on my darkest night  
Can't leave it there, can't let it drop  
Can't walk away  
I have you hanging on my wall  
And I sing every single day

AWAY away  
Where only memory can find you  
Away away  
Leaving this poor fool behind you  
It's just a memory, though I can hardly see  
Photos of yesterday almost good enough for me

I wake up on restless days  
So much noise, so little sleep  
I just lie awake in bed  
I resolve to make believe  
And imagine that you're here  
That you never went away  
It gets so easy to dream  
But oh so hard to face the day  
I can't forget, I won't forget  
But honestly what can you do?  
When I hate everyone,  
I hate everything that's keeping me from you
