

Weddings Parties Anything, If You Were A Cloud

If you were a cloud WPA (Kingtide)

If you were a cloud you would rain on me

If you were a boat I'd be all at sea

Of all the things we're not

I couldn't tell you want

Exactly what it means to me

If you were a tree you would bare strange fruits

If you were the queen of hearts I would follow suit

Whatever cards I hold

I'd just as soon as fold

And never ever see your hand

If you were a chair you'd have one leg short

If you were a brain I'd be lost in thought

If you were a trial I'd lose it by a mile

To know that I could try again

If you were a cloud you would rain on me

If you were a boat I'd be all at sea

Of all the things we're not

I couldn't tell you want

Exactly what it means to me
