

# Wednesday 13, Good day to die

It's a good day to die  
It's a good day to die  
It's a good day to die  
It's a real good day to die  
Well it rots it in the East  
With a little help from a bullet I'll be goin down south  
Oh yeah  
Well life is takin' forever  
And I think a coffin would really fit me better  
Oh yeah  
Well I'm laughing in the face of death  
And I have never felt bad about this  
And I'm laughing in the face of death  
Oh yeah  
It's a good day to die  
It's a good day to die  
It's a good day to die  
It's a real good day to die  
It's a good day to die  
It's a real good day to die  
I say goodbye to all my friends  
And I won't take long cuz I don't have any of them  
Oh yeah  
And you all wonder why  
I don't wanna live as much as I wanna die  
Oh yeah  
Well I'm laughing in the face of death  
And I have never felt bad about this  
And I'm laughing in the face of death  
Oh yeah  
It's a good day to die  
It's a good day to die  
It's a good day to die  
It's a real good day to die  
Well I'm laughing in the face of death  
And I have never felt bad about this  
And I'm laughing in the face of death  
Oh yeah  
It's a good day to die  
It's a good day to die  
It's a good day to die  
It's a real good day to die  
It's a good day to die  
It's a real good day to die
