

# Wednesday 13, Till Death Do Us Party

It's Friday, and everything is great  
And my stupid friends got a dumb idea  
Gonna go down to the lake  
And we don't care about the stories we've heard  
And we're too damn dumb to realize  
That we're never going to return

And soon enough we're gonna meet Voorhees  
We might as well write it on our heads  
Come and kill us please

Hey you don't be late  
Till death do us party right here on Crystal Lake

We got everything that we need  
Let's go skinny dipping  
Drink some beer and don't forget the weed  
And have your brain at the door  
'Cause where we're going  
You won't even need it anymore

And soon enough we're gonna meet Voorhees  
We might as well write it on our heads  
Come and kill us please

Hey you don't be late  
Till death do us party right here on Crystal Lake

We couldn't have planned it better  
If we tried  
We got nothing to lose but our lives  
T & A and an early grave  
Well sigh me up  
Now Jason's here in the nick of time  
To fuck us all up

Hey you don't be late  
Till death do us party right here on Crystal Lake
