Wednesday 13, Till Death Do Us Party

It's Friday, and everything is great And my stupid friends got a dumb idea Gonna go down to the lake And we don't care about the stories we've heard And we're too damn dumb to realize That we're never going to return

And soon enough we're gonna meet Voorhees We might as well write it on our heads Come and kill us please

Hey you don't be late Till death do us party right here on Crystal Lake

We got everything that we need Let's go skinny dipping Drink some beer and don't forget the weed And have your brain at the door 'Cause where we're going You won't even need it anymore

And soon enough we're gonna meet Voorhees We might as well write it on our heads Come and kill us please

Hey you don't be late Till death do us party right here on Crystal Lake

We couldn't have planned it better If we tried We got nothing to lose but our lives T & amp; A and an early grave Well sigh me up Now Jason's here in the nick of time To fuck us all up

Hey you don't be late Till death do us party right here on Crystal Lake
