

# Weekend Excursion, Realize

Temptation was too strong  
To look but avoid touch  
So we gave into what we wanted  
We gave into so much

We took a little glimpse  
Passed each other by  
Don't ask me to explain  
It's been strange for a while  
You'll tell me what I wanna hear  
And I'll know that it's a lie

I had the chance to let go  
Could have missed the pain  
But I know  
It wasn't a mistake

Chorus:  
'Cause what we need to realize  
Is that it took us by surprise  
We shouldn't turn away  
From the things we need to say  
Now I'm stuck here with a choice  
'Cause I need to hear your voice  
This foolish pride is killing me

Now that I'm looking back  
I have no regrets  
I somehow I feel let down  
From the things that I expect  
The right time is gonna come  
But maybe not just get

I had the chance to let go (We could have gone our separate ways)  
Could have missed the pain (Know that I've seen better days)  
But I know (There's this feeling inside that won't go away)  
It wasn't a mistake

Chorus
