

Ween, Drifter In The Dark

Do you ever walk alone?
Like a drifter in the dark
Seeking out what isn't there
Looking only for a spark
From a girl who's all alone
Maybe she's a-driftin' too
Like a shadow in the night
Waitin' just to meet with you
And then perhaps in love you'll stay
Or fall and go your separate ways
Still searchin' for a spark
Like a drifter in the dark
Doodn doo doo doodn doo (da da da da da) [8x]
(Repeat first verse)
Like a drifter in the dark [4x]
