

Weezer, Automatic

How am I going to deliver you a mountain size of love?
How'd the oceans connected by a straw get something through?
I might need some time to remember
Need some time to remember

Hey yeah, its automatic when you know it
(Au-to... ma-tic)
Hey yeah, its automatic when you feel it
(Au-to... ma-tic)

When do I lay down
Get to see the world inside your eyes?
How can I reach out
And hold on to the joy you've got inside?

Hey yeah, its automatic when you know it
(Au-to... ma-tic)
Hey yeah, its automatic when you feel it
(Au-to... ma-tic)

Got some
I want to feel it every hour
'Cause I want to get into you

Hey yeah, its automatic when you know it
(Au-to... ma-tic)
Hey yeah, its automatic when you feel it
(Au-to... ma-tic)

Ooh, ooh
Ooh, ooh
Ooh, ooh
