

# Weezer, I Swear It's True

It's been 2 and a half years now  
That we've been apart  
I've been kind of spaced out lately  
Can't seem to get you out of my mind

I really miss you girl  
I really do  
You think I'm crazy but  
I swear it's true

You think I'd have given up  
Found somebody new  
But no girl's got what you've got  
I belong to you

I really miss you girl  
I really do  
You think I'm crazy but  
I swear it's true

oh oh oh oh oh...

I really miss you girl  
I really do  
You think I'm crazy but  
I swear it's true  
I swear it's true  
I swear it's true (I swear it's true)  
I swear it's true (I really do)  
I really miss you girl
