Get up and leave the baby  
your going to drive him crazy  
and theres a bed just in the other room  
he has a casket for him  
and for this he means snorin'  
shoots all into for ages at a time

its not that he dont love you  
you his mommy dearest  
but in the night time he only needs himself  
go entertain the neighbors  
leave him to gajatate  
and in the morning you leave a glass of milk  
ahhhhh ahhhh ahhhh ahhhh
