

Weezer, My Summer Girl

My summer girl
She was my world
He's got her now
Charmed her some how

I know I'm not your type
I know I'm not your type
I know I'm not your type
I'll never be your type

All summer long
Feelings grew strong

All through the time
I was not blind

My summer girl
My summer girl
My summer girl
My summer girl

I'll never be your type
I'll never be your type...
