

# Weezer, She Who Is Millitant

It looks like  
You were never going to be my queen

It looks like  
There are too many places that you want to see

Oh, if you ever need a friend  
I'll be there, I'll be there

It looks like  
There are other boys that can put on a show

And that's all good  
'Cause in time each and every one of them go

Oh, if you ever grow your brain  
I'll be there, I'll be there

Tell me that you'll get with it  
It's time we settle down and live  
You are

(lead break)

Oh, if you ever grow your brain  
I'll be there, I'll be there

Tell me that you'll get with it  
It's time we settle down and live

You are (x4)
