

Weezer, Teenage Victory Song

Im gonna bury you
Im gonna bury you
I dont care what you do
As long as I approve

[Chorus]
Cause you dont know the way I feel
Spinning here inside this wheel
Ive been waiting for so long
To sing my teenage victory song
Whoa Lord Im coming home

Im gonna play all night
Im gonna beat you right
Unless you win the match
And kick you out of sight

[Chorus]

[Bridge]
Come on everybody
And sing along (sing along)
Lets make them feel dumb
Cause they were wrong (they were wrong)
Well dance and sing the night away (night away)
Say youll stay

[Chorus]

[Bridge]

Im gonna play all night
Im gonna beat you right
Unless you win the match
And kick you out of sight
Cause you dont know the way I feel
