Weezer, The Love I'm Searching For

I don't think, I'll find the love I want
The love I'm searching for in this machine, oh

The System's Failed, all the circuits blown
And the message lost, in this machine oh
Tried all the codes, all possibilities
All combinations but still nothing, oh

Call for backup from my assistants but
No one seems to know anything, oh
Disconnect, shut the main reactor down
And separate from this technology, oh

I try, you know I try. I try e i y
Hard as it may be, I know you should be with me
Even thought it seems it's all lie e i ies
I still believe you should be with me

I don't think, I'll find the love I want
The love I'm searching for in this machine, oh

I try, you know I try. I try e i y
Hard as it may be, I know you should be with me
Even thought it seems it's all lie e i ies
I still believe you should be with me
