

Weezer, Walt Disney

It's cold outside
Seven months of suicide
I've been in
Suspended animation
Just like Walt Disney

My only love
Asks for me to wait on her
I waited
Waited but she didn't care
Just like Walt Disney
I'm just thawing out

My fingertips and toes are frozen to the bone
Give me a note before you throw me in the cold

Ring ring ring
Now I hear the phone singing
Calling Me
Telling me to start freezing
Just like Walt Disney, yeah
I'm a block of ice

My fingertips and toes are frozen to the bone
Give me a note before you throw me in the cold
Give me a note before you pick me up and throw me 'cross the sea
Why don't you please

Just like Walt Disney.
