

Welbilt, All I've Ever Tasted

I don't want to know
I don't want to see
I don't want to forget a single thing
I don't want to go
I don't want to breathe
I don't want to leave you alone without me
*I don't want to watch you leave

Here we are
Silent and broken again
You can't find the right words to say
There you go
Why must you always pretend
I don't know what you're thinking

I don't want to know
I don't want to see
I don't want to forget a single thing
I don't want to go
I don't want to breathe
I don't want to leave you alone without me
*I don't want to watch you leave

Here we are
One last look before it's all gone
I've never been good with goodbyes
There you go
It's that look that kills everyone
Eyes shine like oceans, and I'm swimming inside

Chorus

Second thoughts
Temptation for these idle hands
But I've got nothing in them
Moving on
Seems so easy to say to a friend
But it's harder to do when you miss them

All I've ever tasted is love
All I've ever wasted is love
I've seen everything
And you're everything to me

I don't want to know
I don't want to see
I don't want to forget a single thing
I don't want to go
I don't want to breathe
I don't want to watch you leave
