

Westlife, Crying Girl

She only cried every other tuesday night
Shes a crying shame
She could have done something right
In this little town everybody knows her name
Now shes flown away the town will never be the same, ohh

Your eulogy read, (yeah)
This is the home, (yeah yeah)
Of jesse-james
AKA

The crying girl (the crying girl)
The crying girl (the crying girl)
Shes the crying girl (the crying girl)
Little crying girl (the crying girl)

People in the street crying coz she lost her life
All the spirits gone
Finished up by the night, (yeah yeah)
In this state of mind everybody makes mistakes, (yeah yeah)
But its ignorance that lets you live your life today

What nobody knew, she was my girl
Yes i am the one who fell in love

With the crying girl (the crying girl)
The crying girl (the crying girl)
Shes the crying girl (the crying girl)
Little crying girl (the crying girl)

Nobody knows her, nobody loves her now (nobody knows, nobody knows)
Nobody knows her, nobody loves her now (nobody knows, nobody knows her)
Nobody knows her, nobody loves her now (nobody knows, nobody knows her)
